JEFFERSONVILLE RAILROAD.

On and after Monday, July 12, 1888, trains on the Jeffersonville Railroad will leave Jeffersonville, opposite Louisville, at 6:30 a. m., 10:50 a. m., and 10 p. m., daily, Sundays excepted.

Close connections made by the 10:50 a. m., 10 p. m. trains at Seymour, with trains on the Ohio and Mississippi R. R., for St. Louis, Mount City, Cairo, Jefferson City, Kansas, Quincy, and Keokuk.

The 6:30 a. m., and 10 p. m. trains run through to Indianapolis, and form close connections with trains on the Terre Haute, Lafayette, Peru, Bedford, and Indiana Central Railroads, for all the principal cities in the East, West, and North.

The 6:30 a. m., 10:50 a. m., and 10 p. m. trains connect at Seymour with trains on the Ohio and Mississippi Railroad for Cincinnati.

Only one change of cars between Louisville and Cincinnati, St. Louis or Chicago.

Baggage checked to all the principal cities. All changes of cars made by trains running in the same direction, thereby avoiding annoying Omnibus rides incidental to other routes leading from Louisville to the West and North.

Time as quick, and fare as low as by any other route.

Tickets sold to all points on the Mississippi and Missouri rivers. Also, to all the principal places in the East, West, and North.

Further information cheerfully given at the office of the Jeffersonville Railroad Co., No. 527 south-east corner Main and Third streets, Louisville, Ky., or at the depot in Jeffersonville.

RALLY, DEMOCRATS.

The Democrats of the Fifth and Sixth Wards will meet at the Historic Hall, on Jefferson street, on Friday night, at 8 o'clock.

Business of importance will be transacted, and speeches will be made by Col. Thos. H. Holt, and other distinguished gentlemen. Let there be a general turn out. Every Democrat in the two wards is expected. Come, one, come all.

BAILED OUT.—Ellen Flanders was bailed out of the work-house, yesterday.

Don't forget the Barbecue, to day, at Dickerson's, on the Bardonia road, six miles from town.

We are pleased to learn that all the ladies who were poisoned on Monday, are out of danger and doing well.

We are indebted to Frank Madden for a copy of the Cincinnati Gazette, delivered at an early hour yesterday.

CANCELED WEAPON.—Patrick Nary was arrested and presented to Judge Johnston for carrying a concealed weapon. He was discharged.

The usual number of drunken men were arrested yesterday and taken to Castle Thomas to sober off and repent of their folly.

PEACE WARRANT.—W. Wierzbicki sued out a peace warrant against John Morris and Thos. Stewart. The parties held a consultation, and agreed to dismiss the warrant.

DRUNK AND DISORDERLY.—Mary Griffith, a frail, but far from frail creature, was yesterday presented to Judge Johnston on the above charge. Mary was held to bail, and we suspect is now rutilating.

Mary Ann Howard was presented to Judge Johnston, yesterday, for passing counterfeit money. The prosecution failed in making out a case of felony, and "Mary Ann" was held to bail for her good behavior.

WELL-DONE.—We notice, in several parts of the city, that workmen are busy tearing up old sidewalks, and putting down new ones. This is a step in the right direction, and one which has long been needed.

NEARLY A ROW.—Yesterday afternoon a lot of Pittsburgh came together on the levee, and being "half seas over" were soon high in words; there was every prospect for a serious fight, but they concluded to quit before they reached the striking point; nobody hurt.

Mr. Spencer requests us to say that he will positively close out the balance of the fine plated ware unsold on yesterday, in the store room, on Jefferson street, under Masonic Temple, this morning, at 10 o'clock. A rare chance for bargains is here presented.

Large sale of New York City manufactured furniture and chairs, at the auction rooms of Messrs. S. C. Henry & Co., this morning (Thursday), at ten o'clock. Buyers would do well to examine this desirable lot of furniture before the sale. A general assortment of western manufactured furniture and chairs will also be sold. The sale will be positive for cash.

The negroes implicated in the poisoning case by the confession of the negro girl, were yesterday discharged, the proof being insufficient to warrant the detention of the parties. The owners of the negroes hold themselves ready to deliver them into custody again when called on. The girl was put in the coffee, and was not discharged.

CRACKING OF THE SPINE.—We believe Mad. Blanche, of this city, is the only physician in the West, who cures this painful ailment; and that she does cure, we have abundant proof in the number of cures which have come from her hands completely restored, and in a comparatively short time. In treating for other ills, she has been equally successful. Let the afflicted try her.

LOUISVILLE AND PORTLAND RAILROAD.—This road has grown to be one of the necessities of city life, without which communication between the city and Portland would be tedious and disagreeable. We notice as Conductors on the cars, Messrs. Clark and Kennedy, young gentlemen well qualified for the position. Mr. Clark was for a considerable time connected with our office, and we know him to be affable and courteous.

SACRED CONCERT TO-NIGHT.—We take pleasure in announcing to our musical friends that Professor Dunbar, with some talented assistance, will give a sacred concert, this evening, in Mozart Hall. Among the pieces to be sung is one composed by Prof. D., entitled "A Home beyond the Tide," and which is said to be very beautiful, and very affecting. Churches and Sabbath Schools especially should by all means attend, as the music given away will be well worth the price of admission. See advertisement, in regular columns, this morning.

HARRY CHAPMAN.—This well known comedian and his talented wife have been delighting the citizens of New Albany for several nights past, and drawing full houses to the entertainments given. It is with real pleasure we announce that these Louisville favorites, after several years' absence, will appear for one week, commencing next Monday night, at Mozart Hall. We understand they have with them a good company for light pieces, and we confidently anticipate full houses during the week they remain with us.

RAIL GAMES.

We understand that one or more of the Ball Clubs which have, of late, been organized in this city, and all of which have been pretty constant in practice, will play a match this afternoon on Fourth street, near Breckinridge. All interested in out-door sports are expected to attend, if they choose. The game will commence at 5 1/2 o'clock.

The Louisville Base Ball Club played the following game day before yesterday, and it will be seen that the sides were very well matched:

FEMALE COURAGE.

As the Express train, on the Louisville and Frankfort Railroad, was approaching Dorney's Station yesterday evening, a horse, attached to a rockaway, came unarrested, and attempted to run away.

The buggy was filled with ladies, and the passengers on the cars were held in speechless horror, expecting to see them all killed before the train could be stopped; and had it not been for the dauntless courage of one of the ladies, they might all, ere this, have been crushed to death.

But she seized the horse by the "bit," and hung on to him, notwithstanding rearing and plunging that might have quailed rouser hearts. The horse dragged her nearly two hundred feet before she succeeded in stopping him. That gallant Conductor, Capt. Richardson, rushed to her rescue, and succeeded in placing the ladies out of danger. Had she lived in olden times, a wreath of laurels had enricled her fair brow, and harids would have sung her praises. But as we live in this uncharitable age, we can only claim her as being one of Kentucky's bravest and fairest daughters.

FREE FIGHT—WHITE, YELLOW, AND BLACK.

Yesterday afternoon the vicinity of Jefferson, near Preston, was the scene of an exciting, and at the same time, amusing exhibition. Two little white boys and a little darkey were playing together, the darkey and one of the boys began to fight—whitey being damaged, his companion pitched in—a crowd came to gather—darkey got the worst of it—but being pitched into a big boy who had been trying to keep off the crowd; big boy was getting the better of darkey, when a blacksmith looking on, took the little darkey's part, and began to wallop the big boy. At this juncture, a woman seeing the boy was waged, made an attack on the blacksmith. By this time, the crowd had become large, and great interest was excited. How it happened we do not know, but the melee became pretty general, when it was broken up by the appearance of the police. Nobody, so far as we could ascertain, was much hurt.

Mr. English, Sheriff of Hardin county, passed through this city yesterday, on his way to Frankfort, having in his custody a young man, quite a youth, in fact, who was sentenced to eight years confinement in the Kentucky Penitentiary, at the last term of the Criminal Court in that county.

Mr. Henry Miller was yesterday presented to Judge Johnston, charged with having counterfeited money in his possession, and for carrying a concealed weapon. There was no proof that the defendant attempted to pass the money, and he was discharged as to that, but held to bail for a misdemeanor.

PEACE WARRANTS.—David Field sued out the above warrant against Antonio Lange and his wife. One recognizance for six months.

Jane Lawes sued out a similar warrant against Robert Watson; Watson was held to bail in the sum of \$200 for three months.

Michael Kellogg got drunk, and broke up the furniture belonging to Amanda Wray, and soon after the little piece of fun found himself before Judge Johnston, who required him to give bail to answer a misdemeanor, and for his good behavior.

STABBING.—Wm. Langdon and Van Read, were yesterday presented to Judge Johnston, charged with having stabbed Jas. Smallwood. The prosecutor failing to appear the case was dismissed.

The National Race Course.

In pursuance of a resolution passed at a late informal meeting of the National Race Course Association, a second meeting was held at the Gas House, at 12 o'clock, July 13th.

Col. Davidson, on the part of the Committee authorized to collect subscriptions, reported seventy six shares taken by residents of the city and Jefferson county.

Mr. Wiley reported the remaining shares—thirty-four in number—either taken or guaranteed by the gentlemen from the vicinity of Lexington, thereby rendering individual shareholders liable for the amount of their stock.

Mr. Wiley also submitted a letter from Mr. W. A. Dudley, President of the Lexington and Frankfort Railroad, offering certain grants to the Association in the event of the Course being located at some point upon the Louisville and Frankfort railroad.

Mr. Alexander offered a resolution, that this meeting approve of the plan of uniting the various objects of a race course, a pleasure ground, and an amiable drive, on the same grounds, and that the plan of arranging the grounds for these various purposes be left for future adjustment.

The motion was seconded, and carried unanimously.

Mr. Adams moved that the committee on location be authorized to select a site for the race course, and conclude a purchase, which shall be binding on the association.

The motion was seconded, and carried.

Col. Davidson, T. H. Hunt, Wm. B. Riley, and R. A. Alexander are the committee.

Mr. Adams moved that the chair appoint a committee of five on organization, which shall report at next meeting.

The motion passed, and the chair appointed Messrs. Davidson, Hunt, Alexander, Wiley, and Richards.

Mr. Reynolds moved that the committee on subscriptions be authorized to increase the capital stock of the association to \$40,000.

The motion passed, and the committee was adjourned.

Mr. Adams moved an adjournment until 8 o'clock p. m., July 14. Motion passed, and meeting adjourned.

JAMES K. DUKE, Pres't. R. T. Ford, Sec'y.

RAILROAD ACCIDENT.

On Monday afternoon a man named John Campbell, a plasterer by trade, and a resident of Lexington, while in a state of intoxication walked over the railroad bridge near this city, and fell down upon the track.

The train from Louisville passed over him, severing one of his hands from his body, and dangerously maiming his head. It was thirty years ago that he was walking by the corner of Plum and Twelfth streets, yesterday afternoon, when he was caught by the twine of a passing boat and nearly strangled. The horse attached to the "team" was driven from the path, and drew the line against the corner of the fuel establishment located there, and as the lad was between the horse and the engine, the horse, driven dexterously, turned his horses aside, the driver would have been nearly decapitated by the rope.

TELEGRAPHIC INTELLIGENCE.

GLANCE AT THE WORLD.

Later from California.

New York, July 14.—The steamer Philadelphia, from Hawaii, dated the 14th inst., brings California papers of the 21st ult., and anticipates the arrival of the Star of the West, which is signaled below.

The California papers of New York, sunk in the harbor of Havana, has been detected as having brought in a cargo of Africans.

M. De Kibille has been imprisoned at Havana on a charge of using insulting language to Governor General Concha. He will probably be banished.

The California papers brought by the Philadelphia are rather barren of news.

The Pacific river gold movement was increasing, in consequence of the glowing accounts furnished by the miners returned from that region. San Francisco was crowded with people on the way to Frasier mines; and the California State parties are making arrangements for the same purpose. The effect was beginning to be felt in the State. Laborers were scarce, and wages had advanced from twenty to thirty per cent. It is estimated that eight thousand persons have already left for the new diggings. Six steamers have been put on the route, besides ten sailing vessels.

The Hudson's Bay Company had stationed armed vessels on Frasier's river to prevent emigrants carrying goods into the interior to sell. One American vessel, the Merchandise, is reported to have entered the river in spite of the blockade, the English commander not daring to fire on her.

The defeat of Col. Stephen is fully confirmed. His troops fell on an ambuscade, and were attacked by large numbers of Indians and forced to retreat with a loss of seven killed, and several wounded. The troops were not sufficiently supplied with ammunition. A general Indian war was expected. Gen. Clarke had dispatched troops from San Francisco and Los Angeles.

Excitement exists in San Luis, Abasco county, and also in Carson Valley, in consequence of numerous robberies and assassinations by organized banditti. In the former place, a vigilance committee had been formed, and had already killed four of the culprits. In Carson Valley a murderer named Snow was seized and hung by the people. Before his death he made a confession which led to the capture of several more.

The Indians in the northern counties were again committing outrages. A United States Cavalry detachment, under Capt. H. H. Hays, and pack train, had been killed in Del Norte and Mississippi 19th; Missouri 4th; Kansas 2d; Tennessee 9th.
